

## **Antler Ranch Job Posting**

### **Deer Pen Manager – Salaried Position**

Antler Ranch is a whitetail deer breeding and hunting operation located in Walnut Springs, Texas and we are currently seeking the expertise and skills of a dynamic individual to lead and manage the future of our breeding operations.

Duties include but are not limited to:

- Plan, organize and oversee the daily operations to care for a 200 penned herd
- Monitor daily deer health and document the administration of medications and care
- Plan, coordinate and supervise AI operations
- Oversee, document and care for fawn births
- Schedule and supervise fawn technician and ranch hand team
- Maintain documentation of deer operations in compliance with Texas Parks & Wildlife regulations

Qualifications include:

- 5+ years' experience in deer facility care and management
- Previous veterinarian experience preferred
- Proven experience in team management and supervision
- GMS software knowledge a plus
- Dynamic team player
- Willing to relocate to ranch facility

Benefits include:

- Family housing and utilities provided
- Salary based up experience
- Position available immediately

Interested candidate should forward their resume to:

Donovan Williamson
