Objective: Seeking a Management Position with an established Whitetail breeding herd/with or without a game ranch

Professional Summary

I have been raising whitetail deer for nearly 20 years and have a passion for raising whitetail deer. I am a good planner who takes time to see the whole picture, view of herd growth, marketing, genetics, reaching early potential with bucks, new direction of the industry as well as profitability.

DEGREE | DATE EARNED | SCHOOL

- Alfred State College courses in Agricultural Business
- Tarrant County Community College courses in architectural engineering and construction design

Skills & Abilities

- Experience raising and cultivating our own whitetail deer herd
- Bottle-feeding and raising fawns
- We have worked to keep our breeding stock calm and used to having us around them
- Tranquilizing our deer as well as other deer farmers deer to supply deer to 4 hunting ranches
- Tranquilizing up to 300 deer per year for hunting ranches
- Routine care and vaccinations of the herd
- Maintenance of deer pens
- Maintenance of handling facility and sanitation
- Assisted in prepping deer for Artificial Inseminations
- Assisted in helping other ranches in AI work
- Checking the entire herd daily for injuries or illnesses
- Working knowledge of illnesses and diseases carried in whitetail deer (EHD is one we never encountered in Northern Pennsylvania)

RANCH ASSOCIATIONS I HAVE WORKED ALONG SIDE

- Tioga Ranch, Tioga, PA
- Wilderness, Breezewood, PA
- Pipeline Ridge, Hugessville, PA
- Allegany Whitetails, Warren, PA
- Several others

HERD EXPANSION

- I expanded my herd to raising Piebald's striving to produce the best genetics in the pied industry
- Breeding pied bucks to brown doe
- Breeding brown bucks to pied doe
